Early Admission To College

Many colleges offer early admission programs which allow a student to complete the requirements of his/her senior year of high school and freshman courses of college at the same time. The Board encourages and permits students who have demonstrated maturity and show evidence of high academic achievement to take advantage of such programs. The Board will grant an official diploma signifying the completion of graduation requirements of the school district to any student who completes such a program in accordance with the regulations governing this policy. This policy pertains only to such colleges or universities that offer a recognized early admission program.

On-Line Courses

In addition, students may complete on-line advanced placement courses that have been approved by the building principal. These courses would be noted on the student's transcript, and would count as graduation credits not be computed in the grade point average or class ranking.

Diplomas For Veterans

In order to recognize and honor veterans who left high school prior to graduation to serve in World War II or the Korean War, the Board shall grant a diploma to a veteran who completes the required application and meets the following requirements.
