

Creating your Parent Account

One of the most valuable aspects of the **Summit Learning Platform** is a parent's ability to be able to be engaged in their student's learning progress. The parent account will allow you to login and view current and updated student progress 24/7. If you would like to have your parent account setup and ready for your use PRIOR to the Open House Parent Night, please fill out the following information and return to Toni in the central office as soon as possible. Once your sheet is received an account will be setup and you will receive a welcome email with login instructions.

Student Name

Parent First Name

Parent Last Name

Parent Email Address

Parent Phone Number

If you have more than one student that you need to access please list additional student names.

If there is more than one parent that needs access please fill out the information for each parent.
